A: After doing research, I found that it's impossible to install services like Spotify or Netflix, but you could use the Venti app for android For this purpose, you can get the app for your phone, if you are on android, and use it instead of the service. You can also use it to jailbreak your device. A: You can use multiple stickers to make it work. Here is a list of stickers: A: If you have spotify installed on your computer, you can make a shortcut to the spotify directory on your desktop and when you launch it from your desktop, a menu will show up. From that menu, you can install spotify app on your android device. Also, if you want to jailbreak your device, you will need to get Super user You can find the answer and more info regarding jailbreak and spotify here Q: Retrieving data from database using LINQ I have a user object which contains the user's name, picture and etc. For some reason, I can't retrieve the data from the database. public static UserList() { try { con = new OleDbConnection(@"Provider = Microsoft.ACE.OLEDB.12.0; Data Source = D:\Programming\Visual Studio 2010\DatabaseProjects\ThisApp\_Data\thisApp\_Data.accdb"); con.Open(); OleDbCommand command = new OleDbCommand("SELECT \* FROM User WHERE Username = '" + User.Username + "'", con); OleDbDataReader reader = command.ExecuteReader(); string a = reader.GetValue(0).ToString(); // I have a column in my database called First Name, but this method // displays the whole column. I only want the first name.

,,, Now that you know how to create a DVD burn, you can use your own tools to create a blank DVD disc. All you need is a blank DVD disc, a DVD writing software such as Nero Express, and a blank DVD DVD writer. Is it worth it? No. Is it easy? Sure. Is it reliable? You know it is. BestMovies 10.0.0 DVD serial key 2015 windows. 4.1. . 1.0 hr,..... ). . 1.00 hr, 397..... 1 hour or more. .... dvdminimizer.com Blank DVD Disc, DVD writing Software, Blank DVD writer, Media Trans wizard 7.0.0 serial key free download I used several free and paid software products that promised to write discs that I could read in any DVD player. Some wrote discs fine, but when I tried playing them in a DVD player, I got sound and no video. I found a new way. ( See Update 3, below, for a way to write a disc that works in DVD players too.) Blank DVD Disc, I used Nero Express and the MakeISO DVD burning tool from Bero.com. The DVD writer that comes with Nero Express is very good. It can create discs that will work in any DVD player, but it's not the most reliable program to use. Nero Express is available for free if you want to try it out, but you have to pay for the full version if you want to use the most features. MakeISO is also a good program. It was free for the first month that I used it. After a month of updating the software, it cost \$14.95 to continue using it. The MakeISO program can also burn ISO images to blank discs. They won't play in DVD players, but they will play in CD players, computers, and portable devices. You can convert any ISO image you have to a DVD image that will play in DVD players and then
